

SUBMISSION TO IPART REVIEW
SOLAR FEED-IN TARIFFS 2017/18

Saturday, 20 May 2017

Dear IPART,

The Solar Industry is a growth industry that will increasingly employ more in the design and in the manufacture and installation of sustainable energy. The industry will gain greater security as more people buy into it. More people will buy into it if they can see they are able to pay it off with fair prices sooner. Please either give solar competitive rates or stop coal and gas from being subsidised far more than any solar programs.

Thanks for listening.
