Review	Review of domestic waste management service charges
Document Reference	c1e253a1-4210-41d3-97de-3be8f315fce7
1. Are there concerns with the prices councils charge for domestic waste management services? Why/why not?	Yes it's very expensive. The tip voucher doesn't work for us as we don't have access to a tow bar/trailer/ute so kerbside pick up 2 x times a year would be much better
2. If there are concerns, how should IPART respond? For example, if IPART was to regulate or provide greater oversight of these charges, what approach would be the most appropriate? Why?	I'm not sure
3. Would an online centralised database of all NSW councils' domestic waste charges allowing councils and ratepayers to compare charges across comparable councils for equivalent services (eg, kerbside collection), and/or a set of principles to guide councils in pricing domestic waste charges, be helpful? Why/why not?	Yes for comparative purposes but don't see how it'd make a change happen
4. Do you have any other comments on councils' domestic waste management charges?	The tip voucher doesn't work for us as we don't have access to a tow bar/trailer/ute so kerbside pick up 2 x times a year would be much better
