How can Hunter Water JUSTIFY charging me a total \$270.42 for \$4.70 Water Usage! (This is 1.74% of the Total Bill. Less than 2%)

This is Totally Unreasonable!!!

I REDUCED my Water Usage by 85%

While Hunter Water added an extra \$14.60 in charges.

Please see Attached bills

I would like an immediate reduction in all charges! And I'm not Talking about a few cents or dollars; but halved! As well as an immediate refund of all Exorbitant Charges going back over the last several bills.

What recourse do we have "None" other than "Refusing to Pay the Bill"; which is futile. Unless it is done as a class action, as a group. Because as individuals we have NO SAY or POWER!
