Submission: I am a new local resident in the Beaches Estate and do NOT want to see this variation approved for SOLO WATER to discharge treated effluent to the requested area outside the boundaries of the Beaches estate. We chose to live in this area to get away from polluted waterways of Tuggerah Lakes. I do not want to see the waterways, catchments and local wildlife of CHB reduced to ruin because this greedy, overpriced, utility provider wants to take shortcuts and increase profit margins. They should be ashamed for even requesting this.
