Submission: I support a fair price for solar You are punishing solar owners who help bring down the price of electricity for all NSW energy users. Last year more than HALF of the retailers in NSW FAILED to offer a FIT within the benchmark range. The FIT needs to be REGULATED and MANDATED so that retailers have to offer it as a MINIMUM. The feed-in tariff should represent the TRUE VALUE of SOLAR, this means recognising the environmental and health benefits and the network benefits of rooftop solar.
