SOLAR FEED-IN TARIFFS 2017/18

Saturday, 20 May 2017

9:30:24 AM

Support clean energy!

Paying a fairer regulated price for solar energy returned to the grid would support and expand the take up of clean energy by other Australians both personal and business.

I'm trying to do my bit to not pollute the planet and support green energy and I believe that legally supported fair feedback tariffs would send a clear message of a commitment to the same by govt
