

**SUBMISSION TO IPART REVIEW**  
**SOLAR FEED-IN TARIFFS 2017/18**

**Tuesday, 9 May 2017**

3:08:41 PM

I would like electricity companies to be mandated to pay at least the wholesale price for solar power (averaged and set annually). If we received a fair price, we would not need the additional expense of installing batteries. Also people would feel more encouraged to install solar panels and increase the production of clean electricity.
