

SUBMISSION TO IPART REVIEW
SOLAR FEED-IN TARIFFS 2017/18

Saturday, 20 May 2017

9:16:35 AM

I think the Feed In Tariff should closely reflect the wholesale price for Electricity. Also I think the Buy Back Price should not be charged at a higher rate than the average user is paying. It should be recognised that Solar Power is clean Power and it is a benefit to our Environment. And we should be recorded accordingly.
