Submission: Why do we need fees for water drainage from your roads. It comes down into our property. Then drains into the creek. We have been here for 19 years in that time rates have skyrocketed and we don't get any services. We pay for garbage and filing of reports for on sight Sewage Mgment plus service fees.

As pensioners in our eighties we will find it very hard to stay in our own home, which will put a cost onto the government. You are pricing us out with all these cost which I feel are victimising us from living in the comfort of our homes.
