

SUBMISSION TO IPART REVIEW
SOLAR FEED-IN TARIFFS 2017/18

Saturday, 20 May 2017

12:02:13 PM

The value of the feed-in tariffs do not reflect the investment, contribution and responsibility that so many individuals have paid out. Their outlay is not sufficiently recognised by the providers who control the system at the top end. The value of the feed-in tariffs should be increased to a more realistic price.
