SOLAR FEED-IN TARIFFS 2017/18

Friday, 19 May 2017

9:25:44 PM

I support a fair price for solar;

The feed-in tariff should increase in line with the wholesale price of electricity;

The feed-in tariff should not just be a benchmark range, it should be regulated so retailers have to offer it as a minimum;

The feed-in tariff should represent the true value of solar, this means recognizing the environmental and health benefits and the network benefits of rooftop solar.
