SOLAR FEED-IN TARIFFS 2017/18

Tuesday, 9 May 2017
11:00:34 AM

Hello.

whilst I understand that the original 60c KW price was generous and unsustainable, the disparity between the actual cost of electricity approx. 32cents kw and the rebate for solar generated power at 6.1cents is not fair. the proposed 11.6-14.6 cents is much fairer and should increase in line with the wholesale price of electricity and regulated
