**SOLAR FEED-IN TARIFFS 2017/18**

**Friday, 19 May 2017**

2:33:44 PM

A fair price for solar;

The feed-in tariff should increase in line with the wholesale price of electricity;

The feed-in tariff should be regulated so retailers have to offer it as a minimum;

The feed-in tariff should represent the true value of solar, ie recognising and understanding the environmental, economic and the network benefits of rooftop solar;
