SOLAR FEED-IN TARIFFS 2017/18

Friday, 19 May 2017

1:22:07 PM

The feed-in tariff should increase in line with the wholesale price of electricity.
The feed-in tariff should not just be a benchmark range, it should be regulated so
retailers have to offer it as a minimum.

The feed-in tariff should represent the true value of solar, this means recognising
the environmental and health benefits and the network benefits of rooftop solar.
