SOLAR FEED-IN TARIFFS 2017/18

Tuesday, 9 May 2017
2:10:12 PM

I was receiving 70c / kWh until the end of 2016, now I'm only receiving 10c / kWh. Not much incentive to remain on the grid, so I am now investigating battery storage solutions and the possibility of going off-grid. Increasing the feed in tariff would certainly encourage me to remain.
