**SOLAR FEED-IN TARIFFS 2017/18**

Dear Minister

I support a fair price for solar feed-in tariff and as such I believe that the feed-in tariff should increase in line with the wholesale price of electricity.

Also, the feed-in tariff should not be a benchmark range, it should be regulated so retailers have to offer it as a minimum, recognising the environmental and health benefits and the network benefits of rooftop solar.

Thank you

Ian Deane
