

SUBMISSION TO IPART REVIEW
SOLAR FEED-IN TARIFFS 2017/18

Friday, 19 May 2017

12:29:47 PM

Australians all agree on a fair go. Over the many thousands of households now either converting or extending solar Panels,etc. We are saving the government thousands of dollars. How about rewarding those who believe in solar by increasing the feed-in tariff. We are helping the government how about rewarding those using solar.
