SOLAR FEED-IN TARIFFS 2017/18

Tuesday, 9 May 2017
11:55:47 AM

Dear Sir/Madam:

This quick email is to submit to you my plea for support to increase the NSW solar feed-in tariff for consumers.

If this is made voluntary - I doubt that any fair increase will be pass on to consumers. I recently change service providers and my feed-in tariff went from \$0.081 to \$0.061 but the price of electricity per kilo watt hour went up - go figure!

I want to do my part to help the planet and my children's children live in a cleaner world so I implore you to make this change a fair go to all of us.

Thanking you in advance for your time.
