

**SUBMISSION TO IPART REVIEW**  
**SOLAR FEED-IN TARIFFS 2017/18**

**Tuesday, 9 May 2017**

6:47:48 PM

To the tribunal members

I welcome the consideration being given by IPART to increase the solar feed-in tariff benchmark in line with the increased wholesale price of electricity. It seems only fair that power, sourced using solar be reflected in the wholesale price.

For some years the environmental and health benefits of solar power have not been reflected in the feed-in tariff I receive from Energy Australia. Retailers should be encouraged to offer the proposed feed-in tariff as a minimum.

Regards John O
