

Author name: J. Shamroze Perkins

Date of submission: Saturday, 27 October 2018

Submission: I object to the people of Broken Hill including myself having to pay for the Murray River pipeline from Wentworth to Broken Hill or wear the cost of running and maintaining this pipeline over the next 80 years. We were given no business study / information prior to the pipeline decision being made. The government refused to listen to us. They made the decision with ulterior motives for greed so let them cover the cost. Please accept this as my official objection that rate payers of Broken Hill are not to pay for this. Julianne Shamroze-Perkins- resident and rate payer of Broken Hill
