SOLAR FEED-IN TARIFFS 2017/18

Tuesday, 9 May 2017

1:25:54 PM

I believe very strongly in the need for our use of solar energy to increase exponentially. One way to encourage this is to make sure those who install solar, are paid a fair price for the excess they feed back into the grid. We must do everything we can to protect/rescue our amazing environment and solar power is a logical step in the right direction.
