

SUBMISSION TO IPART REVIEW
SOLAR FEED-IN TARIFFS 2017/18

Submission to IPART on the NSW Solar Tariff:

I support a fair price for solar. I want to switch but it is very costly.

I agree that the feed-in-tariff should increase in line with the wholesale price of electricity.

The feed-in tariff should not just be a benchmark range, it should be regulated so retailers have to offer it as a minimum.

I also believe the feed-in tariff should represent the true value of solar, in recognising the environmental and health benefits and the network benefits of rooftop solar.

Thank you.
