**SOLAR FEED-IN TARIFFS 2017/18**

**Friday, 19 May 2017**

8:23:51 PM

The feed-in tariff should represent the true value of solar, this means recognising the environmental and health benefits and the network benefits of rooftop solar; it is unfair to purchase at 6 cents and sell for 23cents. I have installed solar to help create a better world for the next generation.
