**SOLAR FEED-IN TARIFFS 2017/18**

**Tuesday, 9 May 2017**  
10:41:11 AM

The price of the goods in general should be fair. People invested big money in solar panels on the premises that they will get a fair return on their investment. In the meantime the electricity prices went through the roof while producers of solar energy still being paid a pittance on their (clean) electricity fed to the grid.
