

SUBMISSION TO IPART REVIEW
SOLAR FEED-IN TARIFFS 2017/18

Tuesday, 9 May 2017

4:18:28 PM

I find it highly annoying that I am generating power for the retailer/wholesaler and I'm being charged 4 times more to buy it back.

Why should I generate environmental benefits for energy users and be charged for the privilege?'

Why can't I be paid the correct value for what I generate particularly as I have to pay for badly maintained poles and wires?

Merinda Air
