

**SUBMISSION TO IPART REVIEW**  
SOLAR FEED-IN TARIFFS 2017/18

Dear IPART,

I support a feed in tariff that is fair, equitable and helps underwrite the social, economic and environmental costs of my personal contribution to the grid in NSW.

With the current system, there still remains an impediment to investment in renewables and every citizen should be supported rather than coal or gas.

Thanks-you.

Regards Matt Farmer
