SOLAR FEED-IN TARIFFS 2017/18

Friday, 19 May 2017
12:15:23 PM

Dear Sir/Madam, it's about time those of us who have invested our own money in solar to help reduce carbon emissions were paid a fair price for the electricity we produce. I didn't buy solar panels to make money, but the energy companies are making huge profits selling the electricity I produce.
Yours, M. Greenslade
