- * I want a fair price for my sola energy. That means I want to be paid the same as what I am charged.
- * Why is it ok for the big greedy companies to STEAL MY ENERGY?
- * If I steal from them I will be charged.
- * They want to make a profit, well guess what? SO DO I. I have bills to.
- * Stop this corruption everywhere and show some morals in life.
- * Don't steal from the poor to give to the rich.
