SOLAR FEED-IN TARIFFS 2017/18

Tuesday, 9 May 2017
2:12:30 PM

I support fair price for solar, and it should increase when wholesale electricity increases. It also should be regulated so that suppliers offer it as a minimum. Feed in tariffs should represent the true value of solar power. It is clean, green energy and it is no cost to the supplier to set up infrastructure.
Thank you, Marianne
