

SUBMISSION TO IPART REVIEW
SOLAR FEED-IN TARIFFS 2017/18

Tuesday, 9 May 2017
2:12:43 PM

The big electricity companies have been ripping us off for years. When I had solar I was paying 30c per kw from ACG, but only getting 5c per kw for the power I produced. A kw is a kw. I can understand being charged more for admin, but not being charged a mark up of 600%.
