

**SUBMISSION TO IPART REVIEW**  
**SOLAR FEED-IN TARIFFS 2017/18**

**Friday, 19 May 2017**

5:14:04 PM

It is archaic and redactive to keep using fossil fuels, especially Australia. Making solar less appealing is madness. I support easy accessibility for obtaining solar, for decreasing humanity's footprint and lastly, if we do not, as a country we face being behind many countries. Solar means sustainability.
