Submission: I love the scheme. My husband & I have been going to the RVM every week since the end of December. We have only encountered them full once & I rang to get it emptied & we went back later in the day. There were lots of people utilising the machines when we're there & Aldi hasn't put up their drink prices so we're actually saving money. A big thumbs up from me. I've also noticed less rubbish around town & the kids at school are enthusiastic about the scheme too
