

Author name: N. Ryan

Date of submission: Monday, 7 May 2018

Submission: "It's time for the NSW Government to mandate a minimum fair price for solar. I have solar to assist in reducing the country's need and demand for power AND my own, this was all done in goodwill for Australia and its citizens, you are trying to erode all of the thanks we get by reducing our Tariff.

Shame on you.

Nick Ryan [REDACTED] NSW
