SOLAR FEED-IN TARIFFS 2017/18

Tuesday, 9 May 2017
3:27:30 PM

At the moment I am paid for my feed in of 235units \$16.32. credit and am being charged for 223units \$73.39 from the electric company. Why when I am producing more power than I am buying is there such a disparity in the price.
