

SUBMISSION TO IPART REVIEW
SOLAR FEED-IN TARIFFS 2017/18

Thursday, 11 May 2017

6:59:33 PM

I think the idea of the energy companies paying me 6 cents per kil. hr and then selling it for double or more is daylight (pardon the pun) robbery.

I think all people want is a fair deal but with our Govenment i think we are wishing too much
