**SOLAR FEED-IN TARIFFS 2017/18**

**Tuesday, 9 May 2017**  
12:26:32 PM

Applying a 6c per KW to my feed-in power, then charging my neighbour 28c/kW for that same power is simply not fair. A feedback price close yo 20c/kW is needed, a price which will spur the PV market and save the need to build new coal-fired power stations.
