SOLAR FEED-IN TARIFFS 2017/18

Sunday, 21 May 2017

9:51:02 AM

I support a fair price for Solar Power, the current 25% of the power companies 24c Kwh is just a bit to greedy..

The feed in Tariff should represent the true value of regional solar power, reducing the load on the grid, recognising the long tern environmental and health benefits.
