SOLAR FEED-IN TARIFFS 2017/18

Tuesday, 9 May 2017

6:46:34 PM

I support the fair price for solar proposal, the price should also be linked to the wholesale price of electricity. I suggest the price for solar should be regulated so that suppliers have to pay a minimum amount and should represent the true value of solar.

We have previously received \$0.60 per kW, I know that amount was too high but the current amount paid by AGL \$0.06 is not anywhere near what it is worth.
