SOLAR FEED-IN TARIFFS 2017/18

Tuesday, 9 May 2017
11:25:19 AM

Hi,

It is about time that electricity companies paid a reasonable amount for electricity produced by solar system owners.

Pretty basic, they are buying my electricity for ~6c per KWH and selling it for ~30c per Kwh.

What is fair about that, ... nothing, so they should be paying about half, ie, 15c per KWh.

thank you
Ray Williams
