**SOLAR FEED-IN TARIFFS 2017/18**

**Saturday, 20 May 2017**

6:43:17 AM

NSW needs a fair price for solar energy. Australia should be leading the world in solar use and development.

The feed-in tariff for solar should increase in line with the wholesale price of electricity.

The feed-in tariff should be regulated, so retailers have to offer it as as minimum.
