SOLAR FEED-IN TARIFFS 2017/18

Saturday, 20 May 2017

10:20:07 AM

I 100% support a fair price for solar. This should acknowledge the fact that solar home owners saved all electricity users over \$800m in wholesale electricity costs in Feb when costs soared due to generation failures (ReNew economy article).

I support the >12c/kWh position of IPart.
