SOLAR FEED-IN TARIFFS 2017/18

Friday, 19 May 2017
11:56:48 AM

As a unit owner investigating solar for my unit and my block, a fair price for solar is very important to myself and fellow residents.

The feed-in tariff should increase in line with the wholesale price; should not be a benchmark range and should represent the true value of solar: Australia's path to a carbon-neutral country.
