**SOLAR FEED-IN TARIFFS 2017/18**

Dear IPART

I support a fair price for solar;  
The feed-in tariff should increase in line with the wholesale price of electricity;  
The feed-in tariff should not just be a benchmark range, it should be regulated so  
retailers have to offer it as a minimum;  
The feed-in tariff should represent the true value of solar, this means recognising  
the environmental and health benefits and the network benefits of rooftop solar

Kind regards

Shahid Khan
