**SOLAR FEED-IN TARIFFS 2017/18**

**Tuesday, 9 May 2017**  
11:47:29 AM

I support a fair price for solar and the feed in tariff should increase with the wholesale price of electricity The feed in tariff should represent the true value of solar recognising the environmental and health benefits and the network benefits of roof top solar The feed in tariff should represent not just be a benchmark range it should be regulated so retailers have to offer it as a minimum
