SOLAR FEED-IN TARIFFS 2017/18

Friday, 19 May 2017
11:27:33 AM

Yes, someone should drive the point home to the electricity companies, that they didn't pay for the installation of my SOLAR PANELS and infrastructure involved that is providing them with just about free electricity that they're charging out at about 3 times the amount to other users. Thankyou.

Vince Giglio
