Submission: As Centrelink concession card holders and seniors. Plus residing 25km from Braidwood 2622 and Braidwood 2621 and nearest Train either Goulborn 90km or xpt Tarago , Bungendore. Both unaffordable to us. The price should be very very cheap. We are disadvantaged by train or bus price impact. We pay to get from rural property to get the public transportation. It impacts greatly on our cost of living. Not to mention it is a few km's to the kings highway 2622. If we had to walk. To use a school bus we pay cash share ride that does not fit with public transport timetables. It is costly to get public transport
