

Author name: W. Crumley

Date of submission: Tuesday, 8 May 2018

Submission: How can you be so blind, household solar contribution is important to NSW and this beautiful country of ours. Pay a fare price for what we give back, don't stab us in the back for doing the right thing. This is big enough to drive the voters to Labour or the Greens and even the most loyal Liberal supporters will vote with their feet! Get with the programme, use leadership and not the stick!
