SOLAR FEED-IN TARIFFS 2017/18

Friday, 19 May 2017

9:15:30 PM

I support a fair price for solar. Feed in price should increase with wholesale price of electricity. The feed-in tariff should not just be a benchmark range it should be regulated so retailers have to offer it as a minimum. The feed-in tariff should represent the true value of solar, This means recognising the environmental and health benefits and the network benefits of rooftop solar.
