Dear Dr Boxall

Submission to Draft Report on 2014-15 Solar Feed-in Tariffs

EnergyAustralia welcomes the opportunity to comment on Independent Pricing and Regulatory Tribunal's (IPART) Draft Report on Solar Feed-in Tariffs for NSW from 1 July 2014. We are one of Australia's largest energy companies, providing electricity and gas to over 2.7 million household and business customers in NSW, Victoria, Queensland, South Australia and the Australian Capital Territory. We also own and operate a multi-billion dollar portfolio of energy generation and storage facilities across Australia, including coal, gas and wind assets with control of over 5,600MW of generation in the National Electricity Market.

We agree with IPART's approach and consider that the benchmark range and the retailer contribution are generally in line with EnergyAustralia's views on this matter.

If you would like to discuss this submission further, please call me on (03) 8628 1731.

Regards

Joe Kremzer
Regulatory Manager, Retail
