It's to much for senior Australian to pay \$9, in this case i won't see my children & grandchildren very often as I use to. Seniors these days with cars don't drive much because of expensive petrol & due to age related issues.

Free ride after 8 trips encourages us to use more public transport.

all this above & increasing fares, will stop seniors & pensions go out to clubs, beaches, see friends & ect. The government will lose.

It wont be lucky country anymore for old people.

Please leave it, don't change.

Kind regards

Alexander Braum.
